FREQUENTLY ASKED QUESTIONS

CLEAR ANSWERS.
COMPLETE CONFIDENCE.

We've answered some of the most common questions about our DNA testing services. If you don't see your question here, our team is always happy to help!

1

Q: WHAT IS DNA TESTING?

A: DNA testing analyzes specific markers in your DNA to provide accurate information about relationships, ancestry, health, or other genetic factors.

2

Q: IS DNA TESTING CONFIDENTIAL?

A: Yes. Your privacy is our top priority. All samples and results are handled with the strictest confidentiality and released only to authorized individuals.

3

Q: WHO CAN TAKE A DNA TEST?

A: Anyone can take a DNA test. Some tests require specific participants (e.g., paternity tests need the child and alleged father), while others can be done with just one person (e.g., ancestry or health tests).

4

Q: HOW IS THE SAMPLE COLLECTED?

A: Most tests use a simple cheek swab or blood sample. Non-invasive and prenatal tests use other safe, painless collection methods. We'll guide you on what's needed for your specific test.

5

Q: HOW LONG DOES IT TAKE TO GET RESULTS?

A: Turnaround times vary by test type and processing option. Standard results typically take 3-7 business days. Expedited and rush options are available.

6

Q: HOW MUCH DOES IT COST?

A: Pricing depends on the type of test, number of participants, and any additional services you choose. We offer transparent pricing with no hidden fees. See our pricing guide for more details.

7

Q: ARE YOUR RESULTS ACCURATE?

A: Yes. We use advanced DNA testing technology, accredited laboratories, and rigorous quality control to ensure the highest level of accuracy and reliability.

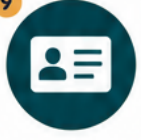

8

Q: DO YOU OFFER IMMIGRATION DNA TESTING?

A: Yes. We provide AABB-accredited immigration DNA testing and can help ensure your results meet USCIS requirements.

9

Q: DO I NEED AN ID?

A: A valid photo ID is required for certain tests, especially legal DNA tests, to verify identity and maintain chain of custody.

10

Q: WHAT IF I HAVE MORE QUESTIONS?

A: Our friendly team is here to help! Contact us by phone, email, or through our website. We're happy to answer any questions you may have.
