

ANIMAL DNA COLLECTION

Cheat Sheet

A QUICK REFERENCE FOR VETERINARY CLINICS

Professional. Convenient. We Handle Everything.

YOU REFER. WE HANDLE THE REST.

Beacon provides mobile collection and manages the entire process from start to finish so your clinic can stay focused on patient care.

THE BEACON DIFFERENCE

We make animal DNA testing simple for your clinic and your clients.

1

YOU REFER

Submit a referral using our simple form or give the client our contact information.

2

WE SCHEDULE

We contact the client and schedule a convenient appointment at your clinic.

3

WE COME TO YOU

Our trained collector comes to your clinic with all supplies needed.

4

WE COLLECT

We collect the sample(s) using proper techniques and follow strict chain of custody.

5

WE HANDLE EVERYTHING

We complete all paperwork, label, package, and ship to our accredited laboratory.

6

RESULTS DELIVERED

We manage the entire process and deliver accurate, confidential results directly to your client.
