OUR COMMITMENT TO YOUR PRIVACY

We understand the personal nature of DNA testing. We follow strict privacy practices to protect your identity and your information.

CONFIDENTIAL BY DESIGN

Your information is collected, stored, and handled with the highest level of confidentiality.

NEED-TO-KNOW BASIS

Only authorized team members who need access to your information are allowed to see it.

SECURE RECORDS

All physical documents are kept in locked storage. Digital records are protected with secure systems.

YOUR INFORMATION IS NEVER SOLD

We do not sell, trade, or share your personal information with any third party for marketing purposes.

HOW WE PROTECT YOUR INFORMATION

DATA ENCRYPTION

All electronic data is encrypted during transmission and storage.

SECURE TECHNOLOGY

We use secure, accredited laboratory systems and HIPAA-compliant practices.

LIMITED ACCESS

Information is only shared with the laboratory and individuals authorized by you or as required by law.

RECORD RETENTION

We retain records only as long as required by law and laboratory standards, then securely dispose of them.

WHO CAN ACCESS YOUR INFORMATION?

YOU

You have the right to access your results and related information.

THE COURT

Information may be released to the court with a valid legal order or subpoena.

LEGAL REPRESENTATIVES

Information may be released to your attorney or legal representative with your written authorization.

AUTHORIZED PARTIES

Information may be shared with other authorized parties only with your written consent.

YOUR RIGHTS

- ✓ You have the right to privacy and confidentiality.
- ✓ You have the right to access your test results.
- ✓ You have the right to request corrections to your information.
- ✓ You have the right to ask questions at any time.

**We are here to answer your questions and ensure
you feel informed and confident every step of the way.**
Professional. Local. Trusted.

TIPS TO PROTECT YOUR PRIVACY

- ✓ Bring only the participants needed for your test.
- ✓ Review and sign consent forms carefully.
- ✓ Ask questions if you are unsure about anything.
- ✓ Keep your results in a safe and secure place.
- ✓ Do not share your results with others unless you choose to.

DNA TESTING IS SAFE AND PRIVATE

DNA testing is simply the comparison of specific regions of DNA to determine biological relationships. We test your DNA — not your medical records.

Your privacy is always respected.

IMPORTANT TO KNOW

- All samples are labeled with a unique ID number, not your name.
- Results are reported only to the authorized individuals.
- We follow all applicable privacy laws and regulations.
- If you have questions, our team is happy to help.
