WHAT CAN CANINE DNA TESTING IDENTIFY?

PARENTAGE VERIFICATION

Confirms the biological relationship between parents and offspring.

BREED IDENTIFICATION

Confirms breed or identifies breed composition (purebred or mixed breed).

LITTER VERIFICATION

Confirms that puppies come from the same sire and dam.

HEALTH & GENETIC SCREENING

Identifies genetic markers related to inherited diseases and traits.

LOST / STOLEN PET IDENTIFICATION

Helps reunite pets with their owners by proving identity.

PERFORMANCE & WORKING DOG TESTING

Supports selection and development for specific traits and abilities.

THE CANINE DNA TESTING PROCESS

1

SCHEDULE
Contact us to choose your test and schedule your appointment or request a collection kit.

2

ID VERIFICATION
We verify the identity of the owner and animal.

3

SAMPLE COLLECTION
A simple, non-invasive sample (cheek swab or hair) is collected.

4

LAB ANALYSIS
Samples are analyzed in an accredited laboratory using advanced DNA technology.

5

RESULTS
Results are provided with a clear, easy-to-understand report.

6

REPORT DELIVERY
Reports are emailed securely or available in your online account.

Our process is quick, accurate, and stress-free.
We handle the details so you get the answers you need.

SAMPLE TYPES WE COLLECT

CHEEK SWAB
Painless, quick, and non-invasive. Ideal for all dogs.

HAIR WITH ROOT
Small amount of hair with the root attached. Easy and non-invasive.

Both options are safe, easy, and can be done at home or with us.

WHAT YOUR RESULTS INCLUDE

- ✓ Detailed test report
- ✓ Clear relationship or breed information
- ✓ Probability statistics
- ✓ Easy-to-understand explanations
- ✓ Official certificate (if requested)
- ✓ Recommendations based on results

All results are accurate, unbiased, and provided with confidentiality and integrity.

WHO CAN BENEFIT?

Pet Owners
Learn more about your dog's heritage and health.

Breeders
Make informed breeding decisions and verify pedigrees.

Veterinarians
Support diagnosis and health management.

Rescues & Shelters
Reunite lost pets and support adoption with confidence.

FREQUENTLY ASKED QUESTIONS

IS DNA TESTING SAFE FOR MY DOG?

Yes! Our collection methods are completely safe, non-invasive, and stress-free.

HOW LONG DOES IT TAKE TO GET RESULTS?

Most results are completed within 2-3 weeks after the laboratory receives your sample.

CAN I COLLECT THE SAMPLE AT HOME?

Yes! We offer easy at-home collection kits with step-by-step instructions.

HOW ACCURATE ARE THE RESULTS?

Our accredited laboratory uses advanced DNA technology for highly accurate results.

CAN THESE RESULTS BE USED IN COURT?

Some tests may be used for legal purposes. Please ask us about our legal DNA testing options.

Every dog has a story.
